EEE202 ENGINEERS AND SOCIETY

ASSIGNMENT 1: IMPACT OF THE TECHNOLOGY TO THE SOCIETY

[INSTRUCTIONS AND RULES for Conducting Presentation]

You are a young engineer (part of a team) who has been asked to give a presentation to a group of engineering students about the impact of technology on society. The following requirements should be addressed in your presentation:

1) Each team (of 3 to 4 members) will choose ONE (1) topic from the list of topics provided by the instructor via Moodle (Technology Tipping Points and Societal Impact - World Economic Forum). These topics may not be selected more than twice.
2) Enter your team information to reserve the title "Assignment 1 - Topic Selection.xls" in the document. These documents are stored in OneDrive.
3) Members must discuss the topic's positive and negative aspects using evidence or literature.
4) The presentation should begin with the topic's title and a list of the group's names.
5) The presentation concludes with the team summarising the main points of the presentation. The team must re-emphasize key points before presenting a solid conclusion.
6) **Cite** and include a list of all resources or references used in your presentation.
7) The slides must be submitted by 25 November 2022, Friday.
8) A 20% penalty will be imposed for late submission of presentation slides.
9) No submissions will be considered after one (1) day after the deadline.
10) The total duration of the presentation must not exceed 13 minutes [Failure to meet the time requirement will result in a 10% penalty].
11) The number of slides for contents is limited to 15, excluding the title and references slides.
