Welcome to Community Service April 2022!

We hope that you are ready to engage and actively involve in online Community Service campaigns!

Please refer to the following basic information of the module:

1) This is a **practical based module** where students are required to provide relevant service(s) to community (society). Due to the never ending pandemic Covid-19 cases, there are many restrictions and limitations for us to organize physical community service activities. Thus, taking all into considerations, Community Service April 2022 **will be conducted online (any changes will be notified)**. Fret not, as this semester is not the first time students conducting online campaigns/activities, thus you have to take this as a positive learning experience.

2) **This module is monitored and supervised by 3 lecturers (advisors).**

Synopsis

This course studies the concept of community involvement projects, preparation of proposals and the characteristics of effective project.

The aim of this course is to provide an understanding and appreciation of community involvement in the project.

Teaching and learning will be conducted in the form of discussions, experiential learning through group activities and volunteer spirit.

At the end of the course, students are expected to adopt the values and ethics, leadership and teamwork and social responsibility.

Course Rationale

- To provide students with opportunities to acquire knowledge, understanding, experience and ability in the application of the 4 soft skills -**namely effective communication in various situations, critical thinking, leadership and teamwork and social skills and responsibilities**- necessary in the holistic development of students who could contribute towards society and the nation.

Learning Outcomes:

Upon completion of the course, students are able to:

- demonstrate ability to **apply knowledge and skills to organise out-of-classroom** practical events or activities in an orderly and appropriate manner;
- display **enhanced levels of skills including creativity, problem-solving, social, communication, leadership and teamwork**, as well as show positive attitudes of confidence, selflessness and empathy; and
- recognise **volunteerism, social work and community engagements are lifelong social responsibility** attributes that are also applicable in working-life environment.

Important Information

1) All students registered for this module will be accessing to the same Moodle page, thus all information given will be standardized and reach all of you instantly. In addition to that, when it comes to **project's grouping**, you are **allowed to form a group with students from different group/class**.

We give you the freedom to form your own group as to ensure the smoothness of your online project. Thus, it is your responsibility to make sure that you have a group accordingly.

Important Information

2) The main medium of communication for this module will be through **Moodle's forum, Teams & XMUM official email.** Feel free to communicate with us.

3) **NO LIVE CLASS FOR THIS MODULE, except for LIVE BRIEFING SESSION (in Week 1)**. As this is a project- based module, students will be occupied with series of discussion/meeting in relation to the online projects.

Important Information

** You may either use the scheduled time (in your timetable) to discuss with your group members regarding your online project or you may find other time slot based on your group's preference.

**Please be informed that Community Service is a practical module and thus, it will be different if compared to your theory classes. Thus, you have the freedom when it comes to fixing the time for your group's meeting/discussion.

Attendance

WEEK 1 - Attendance will be recorded through Teams -LIVE BRIEFING SESSION.

WEEK 2 & WEEK 3 - Attendance will be recorded through GENERAL FORUM participation (MOODLE).

- We will create a weekly forum (for Week 2 & 3) and students must provide feedback/opinion based on the topic of discussion.
- The cut-off time for the forum will be on **FRIDAY, latest by 5:00pm (1700). Thus, students who missed the deadline, will be remarked as ABSENT for the week.**
- During week 2 & week 3, you must form a group and start to discuss on ideas (of the online project) to be proposed to advisors.

Attendance

WEEK 4 ONWARDS (Week 4 - Week 15) - Attendance will be recorded through GROUP FORUM participation (Group Meeting) - MOODLE.

- Project Leader needs to create a weekly forum topic (until Week 15) and group members must provide feedback/opinion based on the topic of discussion.
- The **cut-off day** for the group forum participation will be on **every Friday, latest by 5:00pm (1700)**. For your attendance to be recorded, you are required to give some input on the discussion i.e., opinion, feedback, question etc. **Thus, students who missed the deadline, will be remarked as ABSENT for the week.**

Attendance

** Important notice to late registration students: you need to watch the recorded session of the live briefing session.

** Attendance will be recorded until Week 15 and thus, make sure to participate in group's forum accordingly (until Week 15).

Please take note: WEEKLY ATTENDANCE WILL ONLY BE RECORDED BASED ON YOUR PARTICIPATION IN YOUR GROUP'S FORUM (MOODLE). If you missed the weekly group's forum, it would lead to zero attendance for the week, regardless of how active and busy you are with group discussion/meeting in other platforms i.e., Teams, WeChat etc.

Topic Selection

Topic should be proposed to advisors via closed group forum starting from week 4. Please make sure that your group has a complete plan on the topic before proposing the topic to us (advisors). **WE WILL APPROVE THE TOPIC IF IT IS RELEVANT TO BE CONDUCTED.**

Brainstorm/discuss on any relevant project to be conducted online that **REQUIRES NO COST OR LESS MONEY/COST.** You have to consider that in the current situation, people/company/agency may not have money to sponsor/support your project.

***any group that would like to conduct project that involves fundraising need to be clear on the procedure:**

- **1) any funds/money collected CANNOT be transferred/collected by students. The money should be transferred directly to the selected organization.**
- **2) no new account needed - as students and University will NOT act as the middleman to collect any funds.**

Topic Selection

PROPOSED PROJECT SUBMISSION (WEEK 4)

- **To get your project approved:**

1. Create a topic -in your closed group discussion (Group Forum)- on the project that you have finalized. Label your topic with "Proposed Project“

*****GROUP FORUM will be ready latest by Week 4**

Topic Selection

2. Then, briefly explain your project's objectives and the work plan. This will include your project's:

- **introduction of the project**
- **objectives**
- **your target audience**
- **complete activities that will be conducted and the plan (execution)**
- **outcome (target result)**
- **how you will evaluate the success/efficiency of your project and other relevant information**
- **estimate number of participants**
- **any monetary involvement (yes or no). If yes, make sure to explain the details.**

Topic Selection

3. Advisors will reply either the proposed project is approved or rejected. Once your proposed project has been approved, you may then proceed with completing your official proposal to be submitted accordingly.

***Approval/Rejection of the proposed topic (via group's forum) will be made available starting from Week 5. We will put a remark at your group's link on the status i.e. Approved, Rejected and KIV. For KIV status, the project is not rejected, but we need you to amend the project, before we can approve it.
