XIAMEN UNIVERSITY MALAYSIA

Course Code : **EEE220**

Course Name : **Engineering Graphics**

Lecturer : **Ir. Dr. Wong, Voon-Loong**

Academic Session : **2509**

Assessment Title : **Coursework I**

Submission Due Date : **21/11/2025**

Prepared by :

# Own Work Declaration

I/We acknowledge that my/our work will be examined for plagiarism or any other form of academic misconduct, and that the digital copy of the work may be retained for future comparisons.

I/We confirm that all sources cited in this work have been correctly acknowledged and that I/we fully understand the serious consequences of any intentional or unintentional academic misconduct.

In addition, I/we affirm that this submission does not contain any materials generated by AI tools, including direct copying and pasting of text or paraphrasing. This work is my/our original creation, and it has not been based on any work of other students (past or present), nor has it been previously submitted to any other course or institution.

**APPENDIX 1**

## MARKING RUBRICS

| **Component Title** | **Component 1: Hand-Drawn & 2D AutoCAD** | | | | **Percentage (%)** | **30** | |
|---|---|---|---|---|---|---|---|
| **Criteria** | **Score and Descriptors** | | | | | **Weight (%)** | **Marks** |
| | **Excellent (5)** | **Good (4)** | **Average (3)** | **Need Improvement (2)** | **Poor (1)** | | |
| **Clarity of design (CLO 1)** | The drawing fully describes the intent of the designer. Drawing is precise and reflects what the product is. | The drawing partially describes the intent of the designer. Drawing is clear and reflects what product is. | Drawing is clear and reflects what the product is | Drawing is clear but not reflective of what the product is | Drawing is not clear and is not obvious about what the product is | **10** | |
| **Proper line types (CLO 1)** | Able to understand, set and use all the line types appropriately. All line types are drawn correctly. | Able to set the line class and use the line types correctly 1-2 lines on the drawing are incorrectly used. | Able to understand, set the line class and unable to use it correct. 3-4 lines on the drawing are incorrectly used. | Able to understand, set the line class and unable to use it correct. 5-6 lines on the drawing are incorrectly used. | No rules were followed. Unable to set the line class. Did not use the correct line type or weight. | **5** | |
| **Proper size and scale (CLO 2)** | Drawing has an excellent appearance. Space is used to display the final drawing in a professional manner. Drawn to scale. The title block is fully edited. | Accurate print area is selected. Space is used to display the final drawing in a professional manner. Drawn to scale. The title block is only 80% completed. | Accurate print area is selected. Space is used properly to display drawing. Drawn to scale. The title block is only 70% completed. | The title block is only 50% completed. Space is used properly to display drawing. | Information about the drawing and the designer is not provided. Not drawn to scale. Not drawn correctly. Incorrect print areas selected. | **5** | |
| **Dimensions (CLO 2)** | All-important dimensions are shown on the drawing. Dimensions are correct | 80% of the dimensions are done correctly. | 50% of dimensions are done correctly. | 30% of dimensions are done correctly. | Improper and/or unnecessary dimensioning | **5** | |
| **Complexity (CLO 2)** | Different types of lines including curve, straight line, etc are included. | | | | Only straight lines with simple drawings are presented. | **5** | |
| | | | | | | **TOTAL** | |
