DESCRIPTION OF CONTINUOUS ASSESSMENT

Course Code	COM 103
Course Name	Electronic Engineering
Lecturer	Assoc Prof Ir Ts Dr Wong Shen Yuong
Academic Session	202204
Assessment Title	Assignment

A. Introduction/ Situation/ Background Information

This assignment is to evaluate the ability of students in applying the electric circuit simulation software named Multisim. Students are required to simulate electronic circuits according to the lab sheet provided and prepare lab report.

B. Course Learning Outcomes (CLO) covered

At the end of this assessment, students are able to:

CLO 3- Apply and solve in a scientific and critical way for practical problems of electronic engineering (PLO5).

C. University Policy on Academic Misconduct

1. Academic misconduct is a serious offense in Xiamen University Malaysia. It can be defined as any of the following:
   i. **Plagiarism** is submitting or presenting someone else's work, words, ideas, data or information as your own intentionally or unintentionally. This includes incorporating published and unpublished material, whether in manuscript, printed or electronic form into your work without acknowledging the source (the person and the work).
   ii. **Collusion** is two or more people collaborating on a piece of work (in part or whole) which is intended to be wholly individual and passed it off as own individual work.
   iii. **Cheating** is an act of dishonesty or fraud in order to gain an unfair advantage in an assessment. This includes using or attempting to use, or assisting another to use materials

that are prohibited or inappropriate, commissioning work from a third party, falsifying data, or breaching any examination rules.

2. All the assessment submitted must be the outcome of the student. Any form of academic misconduct is a serious offense which will be penalised by being given a zero mark for the entire assessment in question or part of the assessment in question. If there is more than one guilty party as in the case of collusion, both you and your collusion partner(s) will be subjected to the same penalty.

D. Instruction to Students

You are required to **answer all the questions** and **prepare lab report** each for experiment 1 and experiment 2.

E. Evaluation Breakdown

Component Title	Percentage (%)
Lab report 1	15 %
Lab report 2	15 %
TOTAL	**30%**

F. Task(s)

Refer to the lab exercises given in the class. You need to produce a report according to the requirement in marking rubric.

Please note:

1. Turnitin similarity should not exceed 20%. You may check your lab report in the Turnitin.
   Turnitin ID: 34314104
   Key: com103
2. Please print the cover page and marking rubric to be submitted together with your lab report.
